MR. FARMER: You have increased your Pork Production by 119 per cent. You have increased your Beef Production by 20 per cent. You fed all the grain you had last year. There is more feed grain in Canada this year than can be fed. There is a market for all the hogs and cattle that you can feed this year. Average prices for hogs and cattle during the coming year will be higher than the averages for the past year. We know that you will continue to produce all you can: *Your splendid war effort is appreciated by Canada and the United Nations.*
